Questions and Comments

President Ali opened the meeting to questions and comments to members of the Board, by members of the public and employees of the district, in compliance with state statutes.

Dr. Alan Richardson spoke against masks because his daughter is unable to understand teachers wearing masks due to a rare genetic condition. He feels that parents and their children should determine what is best for them because covid is not going away. He suggested parents and their children should have conversations about what is best for them.

Michael Miller, parent of two children in QPS asked that masks be required for students and expressed his concerns that the community base decisions on empirical data, instead of emotions and dogma and whoever has the loudest voice.

Jody Cook, parent of a daughter in Junior High and a nurse believes masks don't work because moist masks can trap mold, viruses and will only help them grow. She also stated that schools cannot control thousands of students wearing them properly and believes kids don't get covid as bad as adults. She would like to remove quarantines and make masks optional.

Roni Quinn, parent of two children in 5th grade spoke adamantly as an anti-mask believer and stated, "you work for us, and we have the power and will vote you out when referring to the school board".

Laura Sievert, parent of a 2^{nd} grade student voiced her concerns about a classmate of her child that has cancer and expressed her concerns that children under 12 can't be vaccinated and believes masks should be mandated especially for this group.

Charley Klingele stated that he believes as a QPS employee it was social responsibility and everyone has the right to a safe environment and he wants to be part of the solution, not part of the problem and believes masks should be required instead of highly recommended.

Amber Smith, a graduate of QHS vocalized her concerns and beliefs that that there is a mountain of evidence that masks are bad for you.

Jennifer Bock-Nelson stated that we are listening to the loudest voices, rather than the experts and we need to demonstrate what is shown empirically through science, not what is popular. She is pro-mask and has two sons in high school, one with type 1 diabetes.

Tory Kaufmann, parent of a junior high student and avid anti-masked, stated he believes children are not good transmitters of Covid and school is the safest place and wants to retain local control.

Steve Lucie from Basco, IL spoke about growth of children and freedom and is anti-mask. He believes it should be left up to parents' choice. He stated Liberty and Warsaw have both chosen to be mask free.

Jennifer Wiemelt parent of three children in the district expressed her beliefs for anti-masks and asked for parental choice and wants a resolution passed for the right to make decisions for children and not one size fits all decisions.

Michelle McMillan from Liberty stated her beliefs as anti-mask and that she doesn't think we need IDPH, ISBE trying to tell how Quincy IL should be living.

Andrea Elston, para with QPS spoke of her concerns that masks sheltered kids from growing and expression and believes kids are suffering due to lack of emotional connection.
