Please read these materials carefully and refer to them throughout the year when you have questions about your Quincy Public Schools benefits program. For more detailed information about your benefit options, please see the Summary Plan Descriptions and other plan documents located on the QPS website at www.qps.org, Human Resources, Benefits or benefits.americanfidelity.com/Quincy-Public-Schools.

AGAIN THIS YEAR, employees are NOT required to go through this online enrollment process to elect or maintain current benefits. We are not legally allowed to roll over medical flexible plan or dependent care flexible spending plan. If you are a new hire, you MUST enroll within 30 days of your start date. As a new hire, if you fail to enroll by your deadline, you will only have the employer paid basic life insurance of \$10,000.

ENROLLMENT SUPPORT & TIME PERIODS

For the 2020-2021 benefits plan year, employees will have two enrollment options: Online self-enrollment or Assisted enrollment.

- Option 1 – Self-Enrollment: July 27 – August 7

During the self-enrollment time period, you may enroll online in your selected medical, dental, vision and supplementary employee benefits. You can do this by using our online enrollment system to walk you through the process.

- Option 2 – Assisted Enrollment: August 3 – August 7

If you did not enroll in your benefits using option 1, you can take advantage of a one-on-one meeting to review core and supplementary benefits options. Both face to face and virtual meetings will be offered. To schedule a meeting, please go to <https://benefits.americanfidelity.com/quincy-public-schools> and click “schedule an appointment” or call Teresa Kemp at 228-7158 ext. 2244. All meetings will be held at the Board of Education.

Please take some time to read this guide before attending an assisted enrollment meeting and/or completing your online enrollment forms. A little preparation will go a long way in helping you make the most of your benefits package selection.

**H1 is a High Deductible Health Plan, designed to qualify for use with a Health Savings Account (HSA). All benefits except benefits for preventive care (as defined under IRS rules) are subject to the Calendar Year Deductible. If you enrolled for Employee Only health coverage, you must pay 100% of the discounted charge for each covered service until you satisfy the Individual Calendar Year Deductible. If you are enrolled for Employee + Spouse, Employee + Child(ren) or Family health coverage you must pay 100% of the discounted charge until your covered family members satisfy the Family Calendar Year Deductible. After you satisfy the applicable Calendar Year Deductible, you will pay the copayments/coinsurance shown in the above table until your out of pocket expenses satisfy the appropriate Calendar Year Out of Pocket Maximum. The Plan will then pay 100% of the cost of your covered charges for the remainder of the year.

***H4 is a High Deductible Health Plan, designed to qualify for use with a Health Savings Account (HSA). All benefits except benefits for preventive care (as defined under IRS rules) are subject to the Calendar Year Deductible. If you enrolled for Employee Only health coverage, you must pay 100% of the discounted charge for each covered service until you satisfy the Individual Calendar Year Deductible. If you are enrolled for Employee + Spouse, Employee + Child(ren) or Family health coverage each individual in a family is not required to contribute more than the single Deductible/Out of Pocket Maximum before the Plan will pay 100% of covered expenses for that individual.

Open Enrollment – Step-Up Guaranteed Issue

Employees who are currently enrolled in the voluntary life insurance may increase their coverage during the Open Enrollment period by \$10,000 without a Statement of Health (SOH) form.

If you are not currently enrolled in the voluntary life insurance, you may still apply for coverage, but you must complete a SOH form and be approved before the coverage will begin.

New Employees – Guaranteed Issue

If you enroll in Voluntary Life Insurance for yourself and/or your spouse as a new employee, you may elect up to \$200,000 for yourself (under age 70) and \$50,000 for your spouse without having to submit a Statement of Health (SOH) form. This means you are **GUARANTEED** up to \$200,000 for you and \$50,000 for spouse without answering any medical questions. Any new employee under age 70 can get this insurance – no questions asked.

If you elect more than the \$200,000 or \$50,000, we will begin your coverage at the Guaranteed Issue amount and you will need to complete the SOH form, and be approved, for the amount above the Guaranteed Issue. SOH is not required for child coverage.

Name your Beneficiaries

It's important to remember to name a beneficiary for both your Basic and Voluntary Life and AD&D Insurance. If you do not have a beneficiary on file, your benefit will be paid according to insurance company guidelines. You, the employee, are automatically listed as the beneficiary for any Dependent Life Insurance you may select. If you need to change your beneficiary, please go to the QPS website for this form or contact the Benefits Coordinator.

Flexible Spending Accounts

An Easy Way to Pay for Expenses

A Section 125 Plan provides a tax-saving way to pay for eligible medical or dependent care expenses. The funds are automatically deducted from your paycheck before income tax is applied. Simply choose the amount to be deducted, and the funds are set aside to be used for eligible expenses throughout the year.

Here's How It Works

A Section 125 Plan reduces your tax and increases your spendable income by allowing you to deduct the cost of eligible benefits from your earnings before tax. Plus, the plan is available to you at no cost, and you're already eligible. All you have to do is enroll.

Is It Right for Me?

The savings you may experience with a Section 125 Plan are outlined below. By utilizing the Section 125 Plan, Jane would have \$70 more every month to apply toward her insurance benefits or other needs. That's a savings of \$840 a year.

Ready to Enroll?

To enroll in the Section 125 Plan, just complete an election form. You'll receive plenty of advance notice when it's time to enroll. And, in most cases, you must re-enroll each year to keep participating in the plan.

How to Make Election Changes

You're able to change your election each year during your annual benefits enrollment, but the only time Internal Revenue Code regulations allow you to make a change during the plan year itself is if you experience a qualified event. Some examples include:

- Change in legal married status
- Change in number of dependents
- Termination or commencement of employment
- Dependent satisfies or ceases to satisfy dependent eligibility requirements
- Change in residence or worksite that affects eligibility for coverage

These examples may not be all-inclusive. Please contact your employer for guidance with your specific situation.

Flexible Spending Accounts

Help Save for Medical Expenses

Are you looking for a way to reduce your taxable income and help pay for medical and dependent care expenses? Reimbursement accounts can do just that.

With these accounts, you'll enjoy a money-saving way to pay for eligible medical or dependent care expenses with pre-tax dollars from your paycheck.

Just choose the amount to be deducted, and the funds are set aside to be used for expenses throughout the year. It's that easy.

Here's How They Work

A **Dependent Day Care Flexible Spending Account (Dependent Day Care FSA)** allows you to set aside pre-tax dollars to reimburse yourself for eligible dependent care expenses. Because your money goes into the account before income tax is withheld, you pay less in tax and have more disposable income. You may allocate up to \$5,000 per tax year for reimbursement of eligible dependent care services (or \$2,500 if you are married and file a separate tax return).

A **Health Flexible Spending Account (Health FSA)** can save you money by allowing you to set aside part of your pay, on a pre-tax basis, to reimburse yourself for eligible medical expenses such as copayments, deductibles, prescriptions, and more. The maximum amount allowed to contribute into this account is \$2,600 per calendar year. (Please see your employer for the maximum amount allowed by your plan.)

Fast, Easy Reimbursements

If you're interested in either of these accounts, we're happy to set up your account for direct deposit. You can either have your reimbursements deposited straight into your bank account or receive a check by mail – it's entirely up to you.

If you don't file sufficient claims for reimbursement, you could lose the unused amount remaining in your account at the end of the plan year. This is often referred to as the "use-or-lose" rule.

Your employer may offer a carryover of up to \$500 each plan year or a grace period, which is a period of time after the plan year ends where you may incur expenses and be reimbursed from the remaining balance in your previous year's account.

Why a Health Savings Account?

Healthcare is constantly changing. With rising deductibles and larger gaps in coverage, you need a solution. A Health Savings Account (HSA) may be the answer. Combined with a High-Deductible Health Plan (HDHP), an HSA provides the security of knowing you have the funds needed to help cover healthcare costs before you satisfy your deductible.

How it Works

An HSA allows you to set aside money pre-tax to help pay for eligible medical expenses. Your contributions can build year over year and any interest you earn will grow tax free.

To participate in an HSA, **you must first be enrolled in a qualified HDHP**. You may be enrolled in the plan either through your employer or spouse's plan. Combining a qualified HDHP with an HSA helps you control your healthcare costs and expenses.

The Value of an HSA

An Account You Own

Like a personal savings account, the money in an HSA rolls over annually, the funds never expire, and you can take it with you wherever you go, even if you leave your current employer.

Retirement and Healthcare Savings

The money in your HSA earns interest, so the more you save, the more you earn. The account offers significant advantages and provides opportunities to invest in mutual funds. Account holders can choose to invest any funds over \$2,500 into a variety of investment options. At age 65, you can use your HSA dollars for any purpose without penalty, not just healthcare. This is a great way to potentially grow your savings for future healthcare costs or retirement.

Triple Tax Advantage

- The money you put in to the account is deducted from your paycheck tax free,
- The interest and earnings you make on the account grow tax free, with the opportunity to invest in mutual funds, and
- When you take money out for eligible medical expenses, it is generally tax free.

Eligibility Requirements

Once you're covered by a qualified HDHP, you can contribute to an HSA if you:

- Are not covered by any non-HSA eligible health plan including a general purpose Health Flexible Spending Account (Health FSA) or a Health Reimbursement Arrangement (HRA). *If your spouse has a General Purpose Health FSA that allows reimbursements for your expenses, you may not participate.*
- Are not enrolled in Medicare or Tricare. *If you are over 65, as long as you have not enrolled in Medicare or Tricare, you can continue to make contributions and use your funds. Once you are enrolled in Medicare or Tricare, you can no longer make contributions but you may still continue to use your funds.*
- Are not being claimed as a dependent on someone else's tax return.

If you become no longer covered by a qualified HDHP, you may still use your HSA funds, however, you may not continue to contribute to your account.

Contributing to Your HSA

The easiest way to contribute to your HSA is through payroll deduction. Through payroll deduction, your contribution amount is automatically deducted from your paycheck, pre-tax. If you decide to contribute directly to your account, you will need to take the appropriate steps on your annual tax return to receive the tax savings benefit.

The IRS sets an annual maximum contribution amount:

Year	Self-Only Coverage	Family Coverage
2020	\$3,550	\$7,100
2021	\$3,600	\$7,200

Individuals 55 and over may contribute an extra \$1,000 catch-up contribution.

Accessing Your Funds

We offer four ways for you to access your money for healthcare expenses for you, your spouse, and your dependents, regardless of their health plan.

Debit Card

Use your debit card to pay for eligible medical expenses; the amount comes directly out of your account.

Distribution Request Form

Fax or mail a Distribution Request Form to receive your funds by check or direct deposit.

Online Reimbursement

Request funds online and receive a check or a direct deposit into your selected account.

Online Bill Pay

Request funds online to pay your provider directly from your HSA account.

Eligible Expenses

The Internal Revenue Service (IRS) determines which expenses are eligible for reimbursement. The following are examples of common types of eligible and ineligible expenses. For a complete list, visit afhsa.com.

Examples of Eligible Expenses

- Medical expenses, including medical bills to cover deductibles and copayment
- Prescription drugs and over-the-counter medications prescribed by your doctor
- Vision expenses (including prescription glasses, contacts and Lasik).
- Dental treatment (including orthodontia)
- Chiropractor
- Immunizations, Flu shots
- Medical exams, X-rays

Examples of Ineligible Expenses

- Late fees on medical bills
- Cosmetics
- Dependent care expenses
- Toothbrushes or toothpaste
- Lodging while attending medical conference
- Vitamins for general well-being
- Over-the-counter medicines (unless prescribed by a licensed medical practitioner)
- Cosmetic procedures (including face lifts or teeth whitening/bleaching)

Pairing Your HSA with a Limited Purpose Health FSA

If you know you'll have extra expenses, you may want to pair your HSA with a Limited Purpose Health Flexible Spending Account (LPHFSA). Participating in both plans allows you to maximize tax savings and tax benefits. With this account, eligible expenses are limited to qualifying dental and vision expenses for you, your spouse and your eligible dependents.

Differences in FSAs and HSAs

Health Flexible Spending Accounts (Health FSAs) and HSAs are both common types of reimbursement accounts. They both allow you to set aside money for medical expenses, while reducing your overall tax burden.

There are significant differences between a Health FSA and an HSA:

- With an HSA, you own the account, the funds are never forfeited at the end of the plan year, and you can take it with you wherever you go.
- Also, unlike a Health FSA, your funds are available in your account as contributions are made, instead of at the beginning of the plan year.

HSA	Health FSA
Eligibility Requirements	
Must have a qualified HDHP and no other disqualified health plan.	No Health FSA specific eligibility requirements.
Availability of Funds	
Funds are available as contributions are made.	The full election amount is available up front at the beginning of the plan year.
Changing Contribution Amounts	
May change at any point during the year subject to plan provisions.	May be adjusted at open enrollment or with a qualifying change in employment or family status.
Rollover	
Always! Any unused balance rolls over in to the next plan year.	With a few exceptions, FSAs are "use or lose" and you forfeit any unused balance at the end of the plan year.
Connection to Employer	
It's your account. You can take it with you wherever you go.	In most cases, you'll lose your Health FSA with a change in employer.
Effect on Taxes	
Contributions may be taken out of your paycheck pre-tax. Growth and distributions for qualified expenses are tax free.	Contributions are taken out of your paycheck pre-tax. Distributions are tax free for qualified expenses.

Consider signing up for an HSA today to take control of your healthcare expenses.
