QPS Covid Guide 2022-2023 School Year

---

24 Hour Rule:

FEVER: Stay home until fever has been gone **without the aid of fever-reducing medication** for 24 hours.

Covid Guidelines

- Please refer to the Sick Day Guidelines under the COVID-19 Information tab on the QPS website.

Staff COVID-19 Related Absences

- While under the Governor's Executive Order, Covid related sick days will be reimbursed to staff if official Covid results (not a home test) or a doctor's note saying the absence was Covid related are provided.
- If you are able to work/teach remotely while absent, please discuss this option with your building administrator. For certified staff, your room will need to be covered internally if you plan to work remotely. Working remotely would require you to work your normal hours and perform your normal job duties.
- Do not enter an absence into Aesop/Skyward if you are working remotely.
- If you are absent for any reason, please call or text your building administrator or designee as soon as possible so they can make arrangements.
- You must be fully vaccinated in order to request COVID-19 related absences back.
- The deadline to request COVID-19 related sick days back is June 5, 2023.
- If you need assistance with technology, please reach out to Central Office, your building administration, technology, union representatives, or a colleague for help.
- The link below will be used for the remainder of this school year or until the Executive Order is over. If you enter a sick day in Skyward or Aesop due to a COVID-19 related absence, you will also need to complete the link below to request your COVID-19 related sick days back.
- It will take time to review all of the documentation and replenish days. Please watch your Skyward account for your days to be returned. They will be returned at the end of first semester and at the end of second semester.
- Please use the link below to request sick days back.
