

BEFORE GOING TO THE 4/15/20 Opening of the **NEW QPS QUEST DIAGNOSTICS LAB DRAW ROOM**

Located at **Blessing Diagnostic Center**
927 Broadway (West Entrance)

Hours: Monday - Wednesday 6:00am - 6:30pm
and Thursday 6:00am - 3:00pm

PREPARE WITH THIS CHECKLIST FIRST:

- 1. BRING YOUR DOCTOR'S QUEST LAB ORDERS** to the QUEST DRAW SITE. This will be either a QUEST Lab Order or Script from your Doctor Office (see the list of Labs that Quest can perform below)
- 2. REMIND YOUR DOCTOR** that Quest, NOT BLESSING, will Produce Your Lab Results- the Blessing facility is only a special QPS draw site for Quest.
- 3. GET the PHONE AND FAX NUMBER** of your doctor on the order- this is necessary for Quest to send lab results to your doctor
- 4. BRING BCBS CARD and QUINCY PUBLIC SCHOOL ID-** Bring To Draw Site
- 5. REGISTER AN ONLINE ACCOUNT TODAY** at Quest- this one-time registration lets you get your own results and share them with your doctor. This prevents any breakdown in communication. **See attached instructions.** **AFTER YOU REGISTER, BE SURE TO AUTHENTICATE YOUR IDENTITY AND AUTHORIZE ONLINE ACCESS TO YOUR LAB RESULTS. YOU NOW HAVE COMPLETE TRACKING CONTROL OF YOUR LABS!**

www.LabCard.com

The screenshot shows the Quest MyQuest web application interface. At the top, there is a navigation bar with 'MyQuest' and tabs for 'ACTIVITY', 'APPOINTMENTS', 'RESULTS', 'PAY BILLS', and 'MESSAGES'. Below the navigation bar, the user's name 'James Baxter' is displayed. A prominent yellow banner with a warning icon states: 'Action Required: To fully utilize MyQuest, including viewing results, please verify your identity'. Below this, there is a profile card for James Baxter with a large blue 'J' icon. A yellow banner with a warning icon provides information about COVID-19 testing turnaround times. To the right, there is an 'IMPORTANT DATES' section indicating 'No upcoming appointments right now.' At the bottom, there is a green button labeled '+ SCHEDULE AN APPOINTMENT' and a status message 'No feed events right now.' On the left side of the interface, there is a 'My Circle' section with an icon of three people and a description: 'My Circle keeps you updated on your family's health through shared access to Quest appointments and test results, so you can support them in making health decisions.' Below this is a green button labeled 'ADD A FAMILY MEMBER'.

QUEST AUTHORIZED LAB LIST AT QPS SITE

ABO Group & RH Type	HCV RNA, Quantitative Real Time PCR	Protein, Total and Protein Electrophoresis
Albumin	Hematocrit	Protein, Total w/Creat, Random Urine
Albumin, random urine w/ creatinine	Hemoglobin	Prottime (PT)
Alkaline Phosph	Hemoglobin A1C	PSA, Total
ALT	Hemoglobin A1C w/ eAG	PTH, Intact and Calcium
Amylase	Hepatic Function Panel	Renal Function Panel
ANA Screen w/ reflex to titer	Hepatitis B Surface Ab Qualitative	Rheumatoid Factor
Antibody ID, Titer and Typing, RBC	Hepatitis B Surface AG w/ reflex to confirmation	RPR w/ reflex titer
Antibody Screen, RBC, w reflex ID, Titer and AG	Hepatitis C Ab w/ reflex to HCV RNA, QN, PCR w reflex Genotype	RPR w/ reflex titer and Confirmatory Testing
AST	Hepatitis C Ab w/ reflex to quant	Rubella Immune Status
Basic Metabolic Panel	Hepatitis Panel, Acute w/ reflex	Sed rate
Bilirubin, Direct	High-sensitivity C-reactive protein (hs CRP)	T3, Total
Bilirubin, Total	HIV 1/2 AG/AB, 4th w/ reflex	T4, Free
C- Reactive Protein (CRP)	HSV 1/2 IGG, Type Specific AB	T4, Total
Calcium	Immunoglobulin A	Testosterone, Total, Males
CBC with diff/plt	Insulin	Testosterone, Free
CBC without diff	Iron	Testosterone, Free and Total, MS
CCP Ab IgG	Iron and Total Iron Binding Capacity	Testosterone, Total, MS
Celiac Disease Panel	LD	Thyroglobulin Ab
Cholesterol, Total	Lead, Blood	Thyroid Peroxidase Ab (TPO)
CK Total	LH	Tissue Transglutaminase A, IGA
Comp Metabolic Panel	Lipase	Tissue Transglutaminase IgG
Creatinine	Lipid Panel w/ reflex to LDL	Triglycerides
Creatinine, Random Urine	Lipid Panel, Standard	TSH
DHEA Sulfate, Immunoassay	Lyme Disease Ab (IGG, IGM, Immunoblot)	TSH w/ reflex to T4, Free
Direct LDL	Lyme Disease Ab w/ reflex to IgG/Igm	UA, Complete w/ reflex to culture
Electrolyte Panel	Magnesium	Urea Nitrogen (BUN)
Endomysial AB Screen (IgA) w/ reflex titer	Measles AB (IGG)	Uric Acid
Estradiol	MMR	Urinalysis Reflex
Ferritin	Mumps Virus AB (IGG)	Urine Culture
Folate	Obstetrics Panel w/ Forth Gen. HIV w/ reflex	Urinalysis, Complete
FSH	Obstetrics Panel w/ reflex	Urinalysis, Macroscopic
GGT (Gamma GT)	Partial thromboplastin time (PTT)	Varicella-Zoster Virus Ab (IgG)
Glucose 50 gram 1 hr (pregnant only)	Phosphate/Phosphorus	Vitamin B12
Glucose, Serum	Potassium	Vitamin B12/ Folate, Serum Panel
hCG, Total Qualitative	Progesterone	Vitamin D 1,25
hCG, Total Quantitative	Prolactin	Vitamin D, 25-Hydroxy Total, Immunoassay

Panels-

Electrolyte Panel-(Sodium, Potassium, Chloride, Carbon Dioxide)

Hepatic Panel- (Albumin, Direct Bili, Total, Bili, Alk Phos, AST, ALT, Total protein)

Basic Panel- (Sodium, Potassium, Chloride, Carbon Dioxide, Calcium, Glucose, BUN, Creatinine)

Comp Panel- (Sodium, Potassium, Chloride, Carbon Dioxide, Calcium, Glucose, BUN, Creatinine, Total, Bili, Alk Phos, AST, ALT, Total protein, albumin)

Lipid Panel- (Cholesterol, Triglycerides, HDL)

Lipid Panel with Reflex- (Cholesterol, Triglycerides, HDL, Direct LDL)

Obstetric Panel w, Reflex- (ABO Group & Rh Type, AB Screen, RBC w reflex ID, Titer and AG, CBC (includes diff), RPR, Hep B, Rubella)

Obstetric Panel w, fourth gen HIV- (ABO Group & Rh Type, AB Screen, RBC w reflex ID, Titer and AG, CBC (includes diff), RPR, Hep B, Rubella, HIV 1/2 AG AB, 4th w/reflex)

Hepatitis Panel- (Hep B Surface AG, Hep C AB, Hep A Ab IgM, HbCAb IgM)

Renal Function- (Sodium, Potassium, Chloride, Carbon Dioxide, Albumin, Calcium, Glucose, BUN, Creatinine, LDL)

MMR- (Rubella, Measles, Mumps)

Celiac Disease- (TTG Ab, IgA, Immunoglobulin A)

- 36970 QuantiFERON®-TB Gold Plus, 1Tube GR
- 8837 PTH, Intact & Calcium
- 4418 Rheumatoid Factor
- 799 RPR (Monitoring) w/Reflex Titer
- 36126 RPR (DX) w/Reflex Titer and Confirmatory Testing
- 802 Rubella Immune Status
- 809 Sed Rate by Mod West
- 36170 Testosterone, Free (Dialysis) and Total, MS
- 18944 Testosterone, Free
- 15983 Testosterone, Total, MS
- 873 Testosterone, Total, Males (Adult), IA
- 267 Thyroglobulin Antibodies
- 5081 Thyroid Peroxidase Antibodies (TPO)
- 8821 Tissue Transglutaminase Ab, IGA
- 11070 Tissue Transglutaminase IgG

- B896 Triglycerides
- @899 TSH
- B36127 TSH w/Reflex T4, Free
- 34429 T3, Free
- 859 T3, Total
- @867 T4 (Thyroxine), Total
- @866 T4 (Thyroxine), Free
- 6448 Urinalysis Macroscopic
- 7909 Urinalysis Reflex
- 5463 Urinalysis, Complete
- 3020 UA, Complete, w/Reflex Cult
- 294 Urea Nitrogen (BUN)
- 905 Uric Acid
- 4439 Varicella-Zoster Virus Ab (IgG)
- 7065 Vitamin B12/Folate, Serum
- 927 Vitamin B12
- @16558 Vitamin D 1,25
- @17306 Vitamin D, 25-Hydroxy, Total, Imm

MICROBIOLOGY

- Source (Required)
- 4550 Culture, Aerobic Bacteria*
- 4485 Culture, Group A Strep*
- 5617 Culture, Group B Strep*
- 394 Culture, Throat*
- @395 Culture, Urine, Routine* (Inc. In)

Amplified Specimen Type (Appt)

- Endocervical Urethral U
- 11363 Chlamydia & N. gonorrhoeae

Stool Pathogens

- 34838 H pylori Ag, EIA Stool
- 14839 H pylori Urea Breath Test
- 681 Ova And Parasites, Conc and Perf
- * Additional charge for ID and Susce

AL TESTS: (INCLUDE COMPLETE TEST NAME AND ORDER CODE)

Reflex tests are performed at an additional charge.

MyQuest Patient Portal and Mobile App

Vital information and insights about patient health — right at their fingertips.

MyQuest Mobile Health App

MyQuest, the free mobile app and patient portal empower patients to:

- Get valuable insights into their personal health
- Learn how to take the right steps forward
- Receive easy-to-understand lab results directly on their mobile device or desktop
- Be prepared for an emergency with critical health information for medical responders
- Schedule and receive medication reminders
- Share medical information directly with physicians and specialists
- Schedule appointments and find nearby Quest Diagnostics Patient Service Centers
- Existing Gazelle app users can log in using their existing login information (new patients must register)

With MyQuest, patients have the power to instantly see, store and share essential health information so they can better manage their health and wellness.

If a patient or their family member has a soaring fever and needs to call their doctor for advice, the number is right at their fingertips. When their physician is calling in a prescription and needs pharmacy details, patients have the information in hand. When patients need to contact their insurance company for clarification on medical coverage, they can retrieve their plan group and policy numbers instantly. It's all available on MyQuest and ready to see or share anywhere.

How It Works

Getting started

Patients can access the MyQuest Web portal at QuestDiagnostics.com/MyQuest. They can also download MyQuest on their mobile device from the Apple App and Google Play stores or by visiting QuestDiagnostics.com/MyQuest. To get started, they just need a Quest Diagnostics account. If they already have an account, their existing username and password will work with MyQuest. If they forget their username and password, MyQuest will provide a friendly reminder. If they don't have an account, they can create a new account right in the app or in the portal by providing some personal information.

Getting lab results

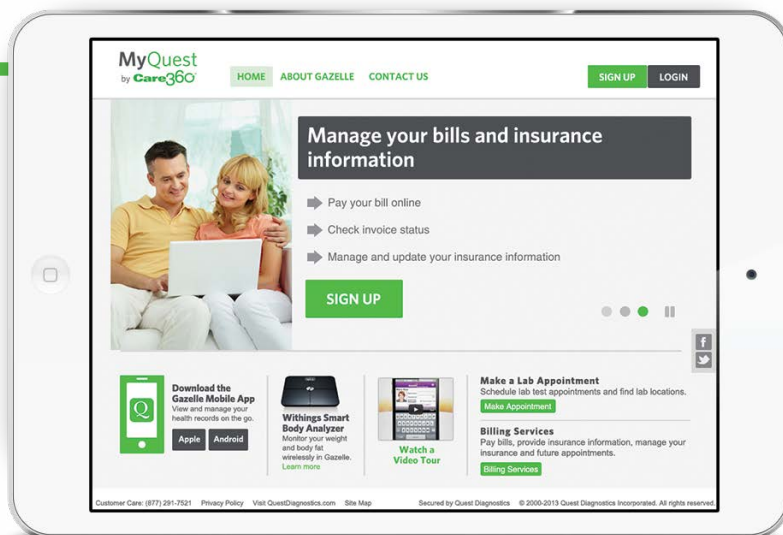

With MyQuest, patients can monitor their health baseline with lab results delivered right on their smartphone and in the patient portal. Once they request their lab results from Quest Diagnostics or a participating physician, the information is delivered directly to them. MyQuest displays their results, plus the normal range of values for each lab test. Whether they're managing a chronic condition or watching their cholesterol, they can track their progress with ease. MyQuest also displays consumer-friendly descriptions of lab tests to help patients understand their results.

Schedule an appointment

Through MyQuest, patients can access Quest Diagnostics' appointment scheduling service. If their doctor recommends a lab test, they can schedule the appointment before they even leave the office. That's because our mobile app and portal put the power to schedule a Quest Diagnostics appointment right at their fingertips — no phone calls necessary.

Access medical information

Patients can stop searching for medical files and paper health documents. MyQuest makes it easier to manage medication for themselves or family members. They can store lists of medications, doses, frequencies and start dates. It's all secure in MyQuest any time they need it.

MyQuest Patient Portal

In case of emergency

MyQuest is their lifeline in time of need — especially in case of emergency. Patients enter their information once and MyQuest can display their name, picture, emergency contacts and phone numbers for their physician, if they're needed. It also lists any allergies and medical conditions they have and medications they take. All of the vital information medical responders need is available in MyQuest when time is of the essence.

Share information

With all of this powerful information conveniently stored on patients' phones and in the portal, MyQuest helps them share it in a few simple clicks. Patients can send it by fax or email. They can share all their health information or just emergency details. It's all up to them. They can share it with anyone they choose — another doctor, a friend or a family caregiver. They just select the contact and send.

Life is complicated. Managing their health shouldn't be. MyQuest empowers physicians and patients, transforming the way we communicate.
