BOARD MEETING REVIEW FROM SUPERINTENDENT WEBB

We wrapped up our first quarter with conference champs in golf, cross country, boys and girls in both, and soccer. Marching band had an amazing season and a lot of those students along with our community are looking forward to the musical coming up. With parent teacher conference week, it's another stressful time for teachers as many of them work through the evenings so they can get their parent teacher conferences in.

The Board approved the appointment of four new community members to the District Improvement Team Committee. New members are former board member Sheldon Bailey, former QPS teacher Emily Pool, Chaddock Education Coordinator Janet Silas, and Teen Reach Program Director Dennis Williams.

The district's diversity and inclusion team has proposed a hate speech and action policy to address ongoing concerns of keeping hate speech out of the classroom. This proposed policy will go through the Policy Committee.

President Ali wanted to remind everyone that committee meetings are always open and offer an opportunity to have open dialogue and have a voice in education.

In other action, the Board approved:

- Transfinder, a contract, software, license and hosting agreement. Transfinder is a school bus routing software. Transfinder offers updates and is more user-friendly than the district's current provider and is a preferred partner of Skyward.
- Agreed to close four inactive bank accounts.
